

Verifiable evidence of a father's work.

A fatherhood course a parent completes at zero cost, closed by a certificate any court can confirm online.

THE STRUCTURE

The National Center for Fathering certifies organizations (serial NCF-O-2026-####) and facilitators (serial NCF-F-2026-####). A Certified Facilitator passes training, an exam, and a supervised first cohort, renews annually, and appears on a public registry with revocation. The man who completes a course earns a Certificate of Completion.

WHAT THE CERTIFICATE CONTAINS

Sessions logged. Checkpoints passed. A written final reviewed by his facilitator, passed at eighty percent. A serial in the format FC-2026-#####. Signed by Dr. Ken Canfield and the leading Certified Facilitator.

COST TO THE PARENT

Zero, ever. The Keystone Profile, the twelve-week plan, the courses, and the Certificate of Completion are free to the participant. Organizations pay for certification. Sponsorship funds organization certification and facilitator credentialing.

PRIVACY POSTURE

No clinical information is stored on the platform. The certificate and the public verification page never name the referring organization. The account belongs to the man and stays with him. Built for residential and recovery, reentry and alternative sentencing, and court and probation settings.
