

Know where you stand as a father.

Free. Private. About twenty minutes. Built by the National Center for Fathering since 1990.

WHAT THIS IS

The Keystone Profile. About 40 questions on your phone. You get your score on the four things that matter: Involvement. Consistency. Awareness. Nurturance. Then you get a twelve-week plan built for you, one clear step at a time.

WHAT IT COSTS

Nothing. The Profile is free. The plan is free. The courses are free to the man who takes them. That will not change.

PRIVATE

Your results are yours. We never share them. You decide who sees anything.

THE CERTIFICATE OF COMPLETION

Finish a course and you earn a Certificate of Completion. It carries logged sessions, checkpoints passed, a final at eighty percent, and a serial number. Any court, program, or employer you choose can confirm it online in ten seconds. It is proof you did the work.

COURSE SEATS

Course seats are placed through organizations and leaders certified by the National Center for Fathering, at no cost to you. Ask the person who gave you this page.
